Flip-N-Squeeze®

Hinged Dispensing

venting option

Double Wall Flip Top Closures

Ideal for squeezable condiments, the **Flip-N-Squeeze® Closure** offers controlled dispensing for products like jams, jellies and mayonnaise. With a ribbon orifice, products are easily dispensed onto foods eliminating the need for consumers to utilize an additional utensil when spreading. The lid is easy to open and close with just one hand, and it stays open, keeping it from interfering with dispensing.

Ideal Markets:

Jams, jellies, mayonnaise, ketchup, mustards, and other squeezable condiments.

Cap Size: 38mm

Neck Finish: .400

Outer diameter: 2"

Orifice: .895" x .151" ribbon

Colors: A variety of standard and custom colors

Liners: Induction and pressure sensitive seals. Venting available for hot fill applications.
